Introduction
Kaua`i Community College is one of seven community colleges in the University of Hawaii system and is firmly committed to providing a safe and secure campus environment. Policies and procedures are designed to provide precautionary measures to protect people and property. However, each member of the Kaua`i CC community should use good judgment and take appropriate precautions to reduce the possibility of becoming the victim of a crime on campus. The following report is provided in an effort to notify the community about certain crimes that have been committed on the Kaua`i Community College campus, as well as to promote awareness of current programs available for your safety and well being.
Kauaʻi Community College is located in Lihue, the center of the island’s county government. The College consists of 48 academic and administrative buildings and shares the campus with a private Hawaiian Language Immersion Pre-school and a public K-12 charter school. The pre-school and charter school are located together on approximately 11 of the Colleges 200 acre campus. Neither the College nor the charter school has resident facilities.

Campus Security service is currently handled through a private security guard service contract, which provides single guard coverage 24 hours daily. The College is in the process of filling an Environmental Health and Safety Officer position and a Security Officer position.

The campus population consists of approximately 1,400 day and night students, and approximately 200 faculty and staff. The Charter and Pre-school have a combined population of approximately 200 students, faculty, and staff.

Campus Security consists of 2 department personnel: a chief, and one security officer, with additional security being provided by a contracted private security company.

**Mission Statement:**
The Kauaʻi Community College Campus Security Department is firmly committed to providing a safe and secure environment for our students, faculty, staff and guests. Our policies and procedures are designed to ensure that every possible precautionary measure is taken to protect persons and property.

The Campus Security Department, under the administration of the Vice Chancellor of Administrative Services, is responsible for providing security services for the campus. The Campus Security Office is located in the Fine Arts I Building. Campus Security Officers are on duty 24 hours a day, 365 days per year.

**Enforcement:**
Kauaʻi CC Campus Security enforces federal, state, and local laws as well as university rules, regulations, and policies. However, Campus Security officers do not have police power or arrest authority and are not authorized to carry firearms. Security officers may detain person(s) involved in the violation of laws and those involved in criminal acts they personally view, or those positively identified as having committed such an act by victims or witnesses until the Kauaʻi Police arrive to take custody of the individual(s). Any campus incident requiring an arrest is referred to the Kauaʻi Police Department.

**Annual Security Report:**
The Jeanne Clery Act requires that an annual security report of certain information be forwarded to the U.S. Department of Education and be provided to the community. The crimes that are reported in the Clery Act include murder and non-negligent manslaughter, negligent manslaughter, sex offense (forcible and non-forcible), robbery, burglary, aggravated assault, motor vehicle theft, and arson. In addition, the University must report statistics for “arrest or disciplinary referrals for liquor, drug, and weapons offenses” and for hate crimes. Crimes that are required by the Clery Act must be reported by location of occurrence in one of the following four categories: on campus, in student residential facilities, non-campus buildings or property, and public property (streets, sidewalks, municipal parking lots, and areas immediately adjacent to the campus).

**Statistical Disclosure of Reported Incidents:**
Incidents reported to Kauaʻi CC Campus Security that fall into one of the required reporting classifications will be disclosed as a statistic in this annual brochure published by Kauaʻi CC.
Working Relationships with State & Local Police:
The Kaua`i Police Department (KPD) is the primary police agency for the island of Kaua`i. Campus Security maintains an open and reciprocal relationship with KPD and all other law enforcement agencies in the state, utilizing their resources and expertise to gather crime-related information, reports, and statistics. Officers from both agencies communicate regularly at the scenes of incidents that occur in and around the campus area. There is no written Memorandum of Understanding between Kaua`i CC and KPD. Prompt reporting will assure the timely issuance of warning notices on campus and the timely disclosure of crime statistics.

Access to Campus Facilities:
Most facilities at Kaua`i Community College are open to faculty, students, staff, and the public during the day and evening hours when classes are in session. During times when the College is officially closed, buildings are locked and access is limited to faculty, staff, and authorized students only. The general public is welcome to attend cultural and recreational events on campus, but their access into the facilities in which these events are held is monitored when the buildings are secured. Officers regularly patrol the campus grounds, including the interior areas of the College facilities.

Reporting of Crimes and Emergencies:
The University’s Emergency Procedures manual includes information about Incident Management Teams (ICM’s); University operating status parameters; incident priorities and performance expectations; shelter-in-place and evacuation guidelines; and local contingency and continuity planning requirements. The University conducts numerous emergency response exercises each year, such as table top exercises, field exercises, and tests of the emergency notification systems on campus. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution. Kaua`i CC staff and security officers have received training in Incident Command and Responding to Critical Incidents on campus. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually the Campus Security Department, Kaua`i Police Department, the Kaua`i Fire Department and Emergency Medical Services as needed. They typically respond and work together to manage the incident. Depending on the nature of the incident, other local or federal agencies could also be involved.

Off-campus behavior, which indicates that a student represents a danger to the health and safety of other members of the Kaua`i CC community, may also be subject to University disciplinary procedures. The University’s disciplinary procedures are described more fully in the Student Conduct Code, available at Student Services, and accessible on the Kaua`i Community College website, Prospective or Current Students, Student Services, Student Conduct Code (http://info.Kaua`icc.hawaii.edu/admin/stconductcode.pdf).

Kaua`i CC Alerts:
In accordance with the Higher Education Opportunity Act (HEOA) (Public Law 110-315), Kaua`i Community College will immediately notify the campus community upon confirmation of a significant emergency or dangerous situation on campus. The University has implemented a comprehensive communications system, “UH Alerts”, to provide prompt warnings notifications and alerts of emergencies to the campus community using a variety of methods, including email notices; phone; cellular phone; text messages; university website notices; and direct communication using staff members. Staff members in the Campus Security Department and the Vice Chancellor of Administrative Affairs are each authorized and trained to write an alert and will determine the appropriate segment(s) of the community to receive the alert. Any of these
offices can initiate some or all of the notifications systems to notify the campus community of emergencies or dangerous situations that have occurred and necessitate caution, evacuation, or other action on the part of students, employees, and campus visitors. Upon confirmation of a significant emergency or dangerous situation posing an immediate threat to the health or safety of students or employees occurring on campus, The University officials listed above will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the system(s), unless issuing the notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim, or to contain, respond to, or otherwise mitigate the emergency.

The UH Alert system will be tested twice annually, during the Fall and Spring Semesters. Additional information and sign up for the UH Alert emergency notification system.

Timely Warning:
In an effort to keep the community informed of security issues, “timely warning” bulletins are issued. A warning may be issued when the occurrence of the crime(s) listed in the Annual Security Report or any other crime(s) occur on campus that is considered by the institution to represent a serious ongoing threat to students or employees. This warning may be distributed to the campus community using some or all of the following methods of communication: campus e-mail, broadcast voice mail, mailbox flyers. (It should be noted that timely warning bulletins are not required with respect to crimes reported to a pastoral or professional counselor. If a Timely Warning Notice is found to be appropriate, Staff members in the Campus Security Department and the Vice Chancellor of Administrative Affairs are each authorized and trained to write a warning notice and will determine the appropriate segment(s) of the community to receive the warning notice.

Crime Reporting Policy:
Crimes and other emergencies can be reported directly to Campus Security by dialing (808) 212-2679 from any phone or 230 from any Kaua`i CC phone extension on campus or by using a Code Blue emergency call box. Campus Security is able to receive both voice and text phone calls. Crimes can also be reported to the Kaua`i Police Department by dialing (808) 241-1711 or in an emergency dial 911
In response to a call, the Campus Security Officer will take the required action, and may either respond to the scene of the incident or by requesting the person filing the report to respond to the Campus Security Office in the Fine Arts 1 Building. In an emergency, the Campus Security Officer will call the Kaua`i Police Department to request assistance. Responding agencies can be the Kaua`i Police Department, the Kaua`i Fire Department, or American Medical Response (AMR) for ambulance services. If an incident involves a student, the report will be forwarded to the Vice Chancellor of Student Affairs office for review and as deemed appropriate. Crimes should be reported to Campus Security for the purpose of making timely warning reports and the annual statistical disclosure.

Confidential Reporting Procedures:
If you are the victim of a crime and do not want to pursue action within the criminal justice system, you may still consider making a confidential report. With your permission, a Kaua`i CC Campus Security Officer can file a report as to the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others on campus. With such information, Kaua`i CC can keep an accurate record of the number of incidents involving students, employees and visitors; determine where there is a pattern of crime with
regard to a particular location, method or assailant; and alert the campus community to potential dangers. Reports filed in this manner are counted and disclosed in the annual crime statistics for the University.

Kaua`i CC Campus Security requests that all campus counselors encourage their clients, when appropriate, to report criminal violations on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

**Emergency Contact Telephone Numbers:**
On campus, there are 7 Emergency Call Boxes (ECB) that connect the caller directly with the Kaua`i CC Campus Security Office 24 hours a day. These boxes are easily identified by their blue light and white tower. Pressing the phone button automatically connects the caller with a Campus Security Officer.

**If you are on campus and you need help, please call any of these numbers:**
Kaua`i CC Campus Security: (808) 212-2679

Security Considerations Used in Maintenance
Kaua‘i Community College is well lighted and further improvements in campus lighting are being made in parking lots, areas with heavy landscaping, and along sidewalks and pathways frequently traveled by students. On-duty Campus Security officers regularly file reports if they observe the overgrowth of shrubbery, any obstruction of lighting or pathways and any kind of hazards along or on the sidewalks. All reports are submitted to the Operations and Management Department for review and potential action.

Security technology is a high priority. Therefore, Security officials regularly design meetings for new facilities along with preconstruction planning meetings for both new facilities and renovations to insure that security technology is included in the construction phase of any project.

Campus Security Services
- Escort Service: Provides transportation in a campus security vehicle or a walking escort from dusk to dawn for anyone walking alone on campus at night to any University parking lot or facility. Please call 212-2679 on a campus phone, an escort can be sent to your location.
- Other services include vehicle (electric cart) and foot patrol, to deter potential crime.

• Provides transportation to the Kaua`i CC Health Center for students who have minor injuries, or illnesses.

**Crime Prevention and Security Awareness Programs**
Throughout the school year, precautions are taken to assist in providing for the safety of the school, faculty, and students. Campus Security offers security awareness programs such as an escort service, emergency call boxes, special services, and provides information on obtaining a temporary restraining order (TRO) along with providing “timely warnings” in the event of a crime occurring on campus that poses a serious ongoing threat to the community. Crime prevention tips and campus security procedures as well as a listing of incidents that took place on campus are sent out to the Kaua`i CC campus community via the Chancellor’s Corner that is published approximately once a month.

For more information on obtaining a TRO/Protective Order, please contact the Civil Division of the Fifth Circuit Court at 482-2303.
A successful campus safety program needs the cooperation, involvement, and support of students and faculty.

Exercise these simple, common sense precautions:
• Familiarize yourself with the Emergency Call Boxes (ECB) located around campus identified by a blue light mounted above the box.
• Travel/Park in lighted areas. Travel in pairs if possible and be aware of your surroundings. Use the escort service for assistance from dusk to dawn.
• Be careful when using elevators; get out if a suspicious person gets on.
• Be sure to lock/secure windows and doors in your room or office. Lock cars and bikes and take your keys with you. Lock valuables in desk drawers, file cabinets, lockers, or the trunk of your car.
• Never loan keys to anyone (they may be easily lost, stolen, or duplicated).
• Mark or engrave your belongings; don’t leave belongings/valuables unattended.
• Let the Campus Security Department know if you are working odd hours or on Sundays when the campus is normally closed, or will be in the building after normal business hours.

**Alcohol and Drug Policies**
In conformance with Hawai`i state and federal laws, University faculty, staff and students are not permitted to manufacture, sell, distribute, possess, use, dispense or be under the influence of illegal drugs and/or alcohol at University sponsored or approved events or on University property or in buildings used by the University for education, research, or recreational programs. Consistent with its mission, the University will cooperate with law enforcement agencies responsible for enforcing laws related to illegal use of drugs, tobacco and alcohol. Campus Security enforces these laws and the University Policies regarding the violation of these laws.

Students found in violation may be subject to the provisions of the student conduct code and/or arrest. Faculty and staff found in violation of this part are subject to disciplinary action as provided in collective bargaining agreements, University policy, and other applicable state laws and rules.
The law states that no one under the age of twenty-one may buy, possess, or drink alcoholic beverages. Any type of alcohol is forbidden in all the public and common areas. The serving of alcoholic beverages at special events requires permission from the Vice Chancellor of Student Affairs, Earl Nishiguchi (245-8274).

Please read the Official Notice to Faculty, Staff and Students Regarding Substance Abuse in University Campus Communities and Worksites for the University policies on illegal drugs, alcohol and substance abuse, related information about the UH student conduct code, legal sanctions, health risks associated with substance abuse, and drug and alcohol counseling treatment and rehabilitation programs. Information regarding the University substance abuse awareness program may be obtained from the University Health Services Mānoa Alcohol and Other Drug Education Program.

The Higher Education Act
Section 120 of The Higher Education Act, Drug and Alcohol Abuse Prevention, requires that certification of on-campus prevention efforts be made available to the students and the public. Kaua`i CC has a personal support counselor available to provide substance abuse education, counseling, and intervention services.

9. We will consider your case seriously, regardless of your gender or the gender or status of the suspect.

Please do not hesitate to call Campus Security at 212-2679, if you feel you have been a victim of sexual assault.

**Sex Offenses**

Any member of the Kaua`i CC College community who commits any sexual offense is subject to criminal prosecution under federal and state laws and University disciplinary procedures. A variety of sanctions may be imposed, including dismissal from school or loss of employment. By law, all University disciplinary procedures provide due-process protection for the accuser and the accused and both are entitled to the same opportunities to have others present during a disciplinary hearing. At the conclusion of the mandated hearings related to the sexual offense, both the accuser and the accused shall be informed of the outcome of the disciplinary proceeding. The institution will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such crime of offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph. The University will change a victim’s academic situation after an alleged sex offense, if those changes are requested by the victim and are reasonably available. The victim should contact the Vice Chancellor of Student Affairs to discuss these options.

The federal Campus Sex Crime Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student. The Hawaii Criminal Justice Data Center maintains a central registry of sex offenders for the State of Hawaii. Persons who have been convicted of certain sex offenses are required to register. [Hawaii Revised Statutes Section 846E-2](https://www.leg.state.hi.us/SLAWS/351/S351.pdf).

- **Press Ctrl and hold left mouse button to view the Hawaii Sex Offender Registry.**

If you become a victim of a sexual assault, Campus Security encourages you to make every attempt to preserve any physical evidence. This includes not showering or disposing of any damaged clothing or other items that are present after or during the assault.

If a sexual offense should occur, the victim should take the following actions:

- **CONTACT Kaua`i CC Campus Security at 212-2679 or use an Emergency Call Box phone.** A victim has the option of having the Campus Security Officer notify the Kaua`i
Police Department (KPD), and we will call KPD if the student requests assistance in notifying them.

- CONTACT someone you know and trust to be with you or ask the Campus Security Officer to do so for you.
- DO NOT shower, bathe, douche, change or destroy clothing.
- DO NOT eat, drink liquids, smoke, or brush your teeth if oral contact took place.
- DO NOT clean or straighten up the area.
- WRITE down as many details of the offense that you remember as soon as possible.
- Kaua`i CC Campus Security will call for an ambulance or assist the victim in making other arrangements for prompt medical attention as appropriate.
- REMEMBER, Kaua`i CC Campus Security can accept your report of criminal violence in confidence. This particularly applies to sexual violence and allows the victim to report through a third party and/or remain anonymous.

**Temporary Restraining Order/Order for Protection**
A Temporary Restraining Order (TRO) is a court document that can be obtained to provide legal assistance which prevents an individual from contacting another individual if they have a history of harassing, threatening, or abusing that individual. There are times when students, faculty, and staff find themselves in a situation where they need to file for a TRO.

For assistance from Campus Security (245-8230) regarding a TRO, you will need to provide the TRO information to the Security Office. They need to have a clear copy of the TRO, which will allow them to better develop an appropriate response and provide accurate support and assistance if called on to do so. In addition to a copy of the TRO, please provide a current picture of the person whom the TRO restrains, along with a description of any vehicle the subject may own or operate. Contact the Campus Security Office for further information.

Other helpful sources of information regarding filing a TRO can be obtained from the Counseling Office, the Vice Chancellor for Student Affairs Office, UHMC Counselor’s Office, or Family Court.

Preparing the Annual Disclosure of Crime Statistics

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from the following sources: the Kaua‘i CC Campus Security Department, the Kaua‘i Police Department and non-police officials defined by the law as Campus Security Authorities. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

All of the statistics are gathered, compiled, and reported to the College community via the Annual Security Report which is published by the institution. The College submits the annual crime statistics to the Department of Education. The statistical information gathered by the Department of Education is available to the public through the ED website.

The University sends an individual notice of availability to every enrolled student and current employee on an annual basis prior to October 1st of each year. The notice includes a brief summary of the contents of the Annual Campus Security Report. The notice also includes the address to the Annual Campus Report website and information about how to request a hard copy of the report.

Specific Information about Classifying Crime Statistics

The statistics listed in this brochure are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and relevant federal law (the Clery Act).

The number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: Murder/Non-Negligent Manslaughter, Negligent Manslaughter, Forcible and Non-Forcible Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart.

The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one
instance of robbery in the crime statistics chart. In cases of Motor Vehicle theft, each vehicle stolen is counted as a statistic. There were no hate crimes identified on campus.
